**Bill Byars, Director** 

June 29, 2009

The Honorable Jim Rex State Superintendent of Education 1429 Senate Street Rutledge Building Columbia, South Carolina 29201

## Dear Superintendent Rex:

In compliance with Joint Resolution H.3352 (R.14), attached you will find the South Carolina Department of Juvenile Justice School District's report on Funding Flexibility and Spending Reductions for the fourth quarter of the 2008-2009 school year. As you know, state law (63-19-380) designates the Department "as a special school district" and mandates that we "operate a continuous progress education program" throughout the entire year. As such and because we are a Title I school district with approximately 45% of our student population identified for special education, and because we don't have a local tax base to generate additional funding, a much larger percentage of our operating funds are restricted, and, therefore, our ability, unlike conventional school districts, to move Title I, IDEA, and other federally based funds into other program areas, or to cover other expenses, is limited.

However, in Section I of the attached report, we are requesting funding transfers for amounts remaining in ten (10) specified funds that do allow for this type of flexibility. These funds will be transferred to EFA and EIA accounts to cover payroll deficits.

Because of the appropriation reductions and budget cuts experienced by all of state government in FY 08-09, the Department's school district began making cuts in personnel and reducing expenditures in the first quarter of its school year. These reductions include the termination for budgetary reasons of 29 teachers and certified staff and the termination of 5 support personnel. This represented approximately 23% of the DJJ School District staff. While our teacher-student ratios are much higher in most areas as a result, they have not yet exceeded the Defined Minimum Program for our special school district, and, therefore, no waiver of these ratios is necessary at this time.

The Honorable Jim Rex, State Superintendent of Education Page Two June 29, 2009

Additional cost savings occurred when DJJ furloughed all of its employees for 10 days, including its educational personnel, during the second, third and fourth quarters of this fiscal year. Since this mandatory furlough was not implemented until December of 2008, it was necessary to use two (2) of our 225 instructional days. However, since the school district used only one of the three (3) snow days allowed by the Governor, we were able to use the other two (2) days for this purpose.

Finally, DJJ's school district has significantly reduced its expenditures for travel, eliminated all conferences and staff training unless mandated and paid through a grant funding source, and greatly reduced the number of part time personnel who oversee and provide our after school recreational sports, and other extra curricular programming.

Thank you for taking the time to review this information. If you have any questions or need additional information, please feel free to call or email either one, or both of us, and we will gladly provide this additional information to you.

With kind personal regards, I am,

Sincerely.

William B. Byare, Ir

William R. Byars, Jr. Chairman, DJJ School Board

Meda C. Cobb
